

Exemplary Physical Education Curriculum: EPEC for Grades 6-12

The goal of the Exemplary Physical Education Curriculum (EPEC) Lifetime Activity Modules is to equip students with the knowledge, skills, and confidence required for basic proficiency in physical activities they can enjoy for the rest of their lives. The modules provide instruction on a variety of individual, two-person and team activities.

The Personal Conditioning module includes a user's manual, three lesson books, and three student portfolios. All other Lifetime Activity Modules include a user's manual and one lesson book.
